QUALITY & RELIABLE STONE SUPPLIER IN BC

[debaostoneinc.com](http://debaostoneinc.com)

Unit #9 & #10, 11460 Voyageur Way, Richmond, BC V6X 3E1

## WHO WE ARE

Debao Stone is a British Columbia-based supplier of engineered and sintered stone surfaces, serving residential, commercial, and multi-family projects across the province.

We focus on quality consistency, reliable supply, and professional coordination — supporting our partners from material selection through project completion.

Our products are selected and supplied to meet the expectations of builders, renovators, fabricators, and developers who value dependable materials and predictable timelines.

Our collections are designed to support a wide range of applications, from private residences to large-scale commercial and multi-unit developments.

## WHY CHOOSE

**Quality You Can Trust**

We work with carefully selected manufacturers and apply consistent quality standards to ensure our materials perform as expected on real job sites.

**Project-Focused Approach**

We understand construction timelines and specifications. Our team works closely with fabricators and contractors to support smooth execution.

**Local Support in BC**

Based in British Columbia, we provide responsive communication, local knowledge, and dependable delivery coordination.

# DEBAO STONE

**Reliable Supply**

Local inventory and planned sourcing allow us to support both single projects and ongoing programs with consistent availability.

**Spec-Equal Alternatives**

We assist clients in identifying spec-compliant alternatives when required—helping keep projects moving without compromising performance.

## WHO WE SERVE

Debao Stone works with professionals across the construction and renovation industry, including:

**Builders and general contractors**

**Renovation companies**

**Fabricators**

**Developers (commercial and multi-family)**

**Designers and project consultants**

Our role is to be a reliable material partner, not just a product supplier.

## OUR MISSION

To provide high-quality stone surfaces with dependable supply and professional service, supporting our partners in delivering successful projects.

## OUR VALUE

### Reliability

We commit to clear communication, realistic timelines, and dependable delivery.

### Quality

We prioritize material consistency, performance, and suitability for real-world applications.

### Professionalism

We respect project requirements, specifications, and the roles of every partner involved.

### Long-Term Partnership

We aim to build lasting relationships based on trust, not one-time transactions.
